1. (Unclassified - WPB) Called Hilda Schreiber, OMB, on H. R. 3650, a bill on rehiring Federal annuitants. I mentioned that the bill would eliminate the monetary advantage which now accrues to the rehiring agency, and that this would add significantly to the Agency's costs in reemploying annuitants. She said this was the view of all Government agencies, but that the Administration is supporting the bill provided it is amended to provide that the agency deposits go into the general fund rather than the retirement fund. She added that she didn't think the bill was going to go anywhere.

2. (Confidential - LLM) Saw Charles Lombard, Senate Committee on Aeronautical and Space Sciences staff, and he will inform Senators Barry Goldwater (R., Ariz.) and Paul J. Fannin (R., Ariz.) of the liquidation of [redacted] Lombard was concerned with this trend in which the Agency is giving up its air capabilities.

3. (Unclassified - LLM) Met with David Keaney, Senate Foreign Relations Committee staff, and provided him two more country studies in the Law of the Sea series (USSR and Ghana). Keaney assured me that all the studies are being kept in the Capitol office and treated as Top Secret material, and that Senators are not permitted to take the material from the room. Keaney, who is the House Counsel for Law of the Sea matters, said the series is absolutely the finest thing out on the subject and that Senator Clifford P. Case (R., N.J.) has made special use of the material. If the need arises, Keaney prepares a summary of the studies using the same classification for the background of the Senators in meeting their responsibilities.

4. (Unclassified - LLM) Met with Representative Richard Schulze (R., Pa.) concerning the upcoming session at Headquarters with the Freshman Republicans. He lamented the abuse being heaped on the Agency and felt all of those who would be attending the session are supportive of the Agency.
